TO WHOM SO EVER IT MAY CONCERN

This is Certify that M/s Sri MangaduKamatchiamman Business Corporation, Chennai (INFOMAPS) have successfully completed the pilot project on ***“Integrated Planning for Ambasamudram Block of Tirunelveli District”, Tamilnadu.***

M/s Sri MangaduKamatchiamman Business Corporation, Chennai (INFOMAPS) has also developed a ***“Mobile Application and GIS based web application integrated with Dash boards in a multilayer approach to deliver integrated plan for Monitoring”*** and also they have digitized 19,291 individual survey plots (FMBs) of 43 villages of Ambasamudram Block and overlayed thematic layers such as watershed, soil, contours and Forest. Further they have conducted a field assessment and captured the data using the mobile application.

The aspects covered in the pilot project are study on buffer zones, land uses, assessment of funding for the ongoing and proposed Government projects and schemes, identification of conflict zones and their remedies, vulnerability analysis and indexing. The pilot study completed will be a good input for preparing an Integrated District plan as well as Monitoring of project through Mobile application.

During the execution of the pilot project the services rendered by them were prompt and were adhering to the timeline. Their performance is of high professional integrity with good quality of output in a short span of time.
